

JEDEDIAH GRAY.

---

JANUARY 10, 1857.—Laid upon the table, and ordered to be printed.

---

Mr. BUFFINTON, from the Committee on Military Affairs, made the following

REPORT.

*The Committee on Military Affairs, to whom was referred the memorial of Jedediah Gray, respectfully report :*

That by reason of injuries received whilst in the ordnance service as a carriage maker, in the year 1829, he was placed upon the invalid pension roll in 1849. He prays Congress to grant him a back pension, dating from the period of his injury to the beginning of his present pension. The committee see no reason why the present policy of the government—beginning pensions from the date of the completion of the proof upon which the pension is allowed—should be changed. They therefore ask to be discharged from the further consideration of the memorial.

REPORT.

The Committee on Military Affairs, to which was referred the memorial of Jeremiah Gray, respectfully report

That by reason of injuries sustained whilst in the ordinary service as a detached member, in the year 1861, he was placed upon the invalid pension roll in 1864. He prays Congress to grant him a full pension, dating from the period of his injury to the beginning of his present service. The committee has no reason why the present policy of the government—designating pension as from the date of the completion of the point upon which the pension is claimed—should be changed. They therefore ask to be discharged from the further consideration of the memorial.
